XTS Hygienic | Highly flexible and optimised cleaning

The fully encapsulated mechatronic transport system, XTS Hygienic combines the advantages of rotary and linear drive systems for demanding environmental conditions. The stainless steel version of the XTS linear transport system (with IP 69K protection rating) provides all functions required for system operation:

- modular, fully integrated linear motor combines power electronics and position feedback in a single component
- multiple movers used as moved parts for controlling the material flow
- mechanical guide rails for configuration of any desired geometry

With this matching set of only a few components, the most diverse applications in the food and pharmaceutical industries can be realised. All surfaces are chemically resistant and provide ease of cleaning. A system implementation with XTS Hygienic offers hygienic design without any hidden edges or undercuts. All components are sealed at the joints with a high-quality elastic material and enable high-pressure washdown. As a result, the XTS Hygienic corresponds to the EHEDG recommendations. Due to the reduced construction volume of the XTS components, users benefit from a smaller machine footprint in a clear layout providing ease of maintenance.

System properties

XTS Hygienic

Max. force

90 N at standstill

Continuous force

30 N (at ~30 °C temperature increase in the motor compared to mounting frame)

Speed

4 m/s @ 48 V DC supply

Acceleration

> 50 m/s² (without payload)

Mover length

75 mm in direction of movement

Mover weight

approx. 0.78...1.06 kg (complete mover without attachments)

Max. system length

> 100 m (dependent on computing power, no system limit)

Surface

Ra < 0.8 µm

Material

housing: stainless steel 1.4404 AISI 316L;
 sealing: VMQ

Operating/storage temperature

-10...+40 °C/-25...+85 °C (for further information see documentation)

Protection class IP 69K
Approvals/markings CE

Electrical data **XTS Hygienic**
Supply voltage control voltage 24 V DC, power supply 48 V DC

XTS products

ATH20xx XTS motor modules, stainless steel
ATH901x XTS movers, stainless steel
ATH9000-xxxx XTS guide rails, stainless steel
TF5850-00pp TC3 XTS Extension
